

How clear is the vision !

Cindy Sparrow

How clear is the vision!
How it sends waves of Peace throughout the world.
riding on the smoke of incense and the sound of
bells!
How warm and free it makes you feel inside.

You are standing in a beautiful place, thinking
thoughts of Peace.
Reach out your left hand and join hands with
another Peace Seeker.
Reach out with your right hand, you will find
another Seeker.
These Peace Seekers on your left and right also join
hands with others, and they with others still.
On and on, we join hands and send thoughts of
peace, compassion and oneness.

As the circle grows around the world, we see that
the Peace
Seekers are women, men and children of many
different races and religions. They come from a
multitude of countries and wear clothing traditional
to their heritage.

Our thoughts travel to Earth and her children, healing their wounds. Our thoughts travel through the universe, creating the most beautiful music ever heard. Hold each others hands gently, breathe deeply, and radiate the Peace and Joy that well up from deep within you.
